

Elements of Digital Photography

What do the following terms have to do with Digital Photography? What impact does this concept have on getting an excellent photo?

Research the assigned term and be prepared to share your knowledge with the rest of the class. Use images and/or video to explain, but the majority of the content has to be **in your words**. If you choose to include a video, you'll need to write a paragraph explaining the video, why you choose it, and how this video is best at explaining the concept.

To help guide your work, we will be printing most of our work as 4x6 inject color prints, with occasional 8x10 or 8½ x11 color laser prints.

First terms due March 3-7. Extra Credit for the person who volunteers for Friday, February 28th.

STUDENT	Camera Term	Composition	Technique/Topic	Due Date
Zeke	Focus			
Tony	Exposure			
Natsumi/Suzuka	Megapixel			
Kathryn Carlson	Resolution			
Michael Caughlan		Contrast		
Kavon		Background
